Member Description / Overview
TOWER DETAILS
Name of the city *
Name of the tower *
Height from base to top of antennas (ft and meters)
Architect(s)
Engineers
IMAGES
PLEASE ADD UP TO 5 IMAGES TO THE E-MAIL We suggest the following shots - day *, night *, view from observation deck *,
restaurant and / or adventure Image size : under 5MB Acceptable formats : .jpg or .png
FEATURES
Name of restaurant(s) / bar(s)
Name of restaurant(s) / bar(s) Seating capacity
Seating capacity
Seating capacity If revolving, how long does it take to complete a revolution?
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it?
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? *
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) *
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) *
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) * Height of restaurant(s) (specify meters or feet) How many stories is the tower?
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) * Height of restaurant(s) (specify meters or feet) How many stories is the tower?
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) * Height of restaurant(s) (specify meters or feet) How many stories is the tower? How many windows does the tower have? How many flights of stairs lead to the top? *
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) * Height of restaurant(s) (specify meters or feet) How many stories is the tower? How many windows does the tower have? How many flights of stairs lead to the top? *
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) * Height of restaurant(s) (specify meters or feet) How many stories is the tower? How many windows does the tower have? How many flights of stairs lead to the top? * How many years did its construction take? Date of inauguration * ENGINEERING AND CONSTRUCTION FACTS
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) * Height of restaurant(s) (specify meters or feet) How many stories is the tower? How many windows does the tower have? How many flights of stairs lead to the top? * How many years did its construction take? Date of inauguration * ENGINEERING AND CONSTRUCTION FACTS Capacity of elevator(s) in number of persons *
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) * Height of restaurant(s) (specify meters or feet) How many stories is the tower? How many windows does the tower have? How many flights of stairs lead to the top? * How many years did its construction take? Date of inauguration * ENGINEERING AND CONSTRUCTION FACTS Capacity of elevator(s) in number of persons * Capacity (in persons) of elevator(s) per hour *
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) * Height of restaurant(s) (specify meters or feet) How many stories is the tower? How many windows does the tower have? How many flights of stairs lead to the top? * How many years did its construction take? Date of inauguration * ENGINEERING AND CONSTRUCTION FACTS Capacity of elevator(s) in number of persons * Capacity (in persons) of elevator(s) per hour * Elevator(s) speed (km/h) *
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) * Height of restaurant(s) (specify meters or feet) How many stories is the tower? How many windows does the tower have? How many flights of stairs lead to the top? * How many years did its construction take? Date of inauguration * ENGINEERING AND CONSTRUCTION FACTS Capacity of elevator(s) in number of persons * Capacity (in persons) of elevator(s) per hour * Elevator(s) speed (km/h) * Max. people working on the tower at any given time during its construction
Scating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? ' Height of observation decks/ (specify meters or feet) ' Height of restaurant(s) (specify meters or feet) How many stories is the tower? How many windows does the tower have? How many flights of stairs lead to the top? " How many years did its construction take? Date of inauguration ' ENGINEERING AND CONSTRUCTION FACTS Capacity of elevator(s) in number of persons " Capacity (in persons) of elevator(s) per hour " Elevator(s) speed (km/h) ' Max. people working on the tower at any given time during its construction Maximum design wind speed (km/h)
Seating capacity If revolving, how long does it take to complete a revolution? Does the tower have an adventure element - if yes, what is it? How many observation decks/levels does the tower have? * Height of observation deck(s) (specify meters or feet) * Height of restaurant(s) (specify meters or feet) How many stories is the tower? How many windows does the tower have? How many flights of stairs lead to the top? * How many years did its construction take? Date of inauguration * ENGINEERING AND CONSTRUCTION FACTS Capacity of elevator(s) in number of persons * Capacity (in persons) of elevator(s) per hour * Elevator(s) speed (km/h) * Max. people working on the tower at any given time during its construction

Number of broadcasting facilities

Sway of antenna(s) from core

Total construction cost (in USD)

Total weight of tower (metric tonnes)

Unique features of observatory(ies)

Fun facts about the tower

Fun facts about the observatory
